

FOR IMMEDIATE RELEASE

**MTS SOFTWARE SOLUTIONS ANNOUNCES INTEGRATION BETWEEN INTELLALEND
AND ELLIE MAE'S ENCOMPASS DIGITAL MORTGAGE SOLUTION**

Partnership enables lenders to access the IntellaLend automated loan quality management platform within Ellie Mae's leading digital mortgage solution

Moorestown, New Jersey – March 7, 2019 – [MTS Software Solutions](#), provider of the [IntellaLend](#) automated loan quality management and auditing technology, announced that IntellaLend will integrate into [Ellie Mae's](#) Encompass® digital mortgage solution using Ellie Mae's Encompass Partner Connect API technology. The integration will allow lenders to more efficiently and securely share data between IntellaLend and Encompass to drive quality and efficiency in the loan origination process.

IntellaLend is a loan quality management and auditing platform that mitigates compliance defects found in loan packages across the mortgage lifecycle. Developed by MTS Software Solutions, a provider of enterprise technology to hundreds of financial institutions, IntellaLend uses artificial intelligence and machine learning OCR technology to uncover common compliance and critical defects and dramatically improves quality assurance and profitability.

Ellie Mae is a leading provider of innovative on-demand software solutions and services for the residential mortgage industry. Ellie Mae's Encompass digital mortgage solution provides one system of record that enables banks, credit unions and mortgage lenders to originate and fund mortgages and improve compliance, loan quality and efficiency.

"We are delighted to partner with Ellie Mae and join the Encompass community," said MTS Software Solutions Chief Operations Officer Earl Voorhees. "Our secure, seamless and bidirectional integration with Encompass will accelerate data and document workflow processes for our mutual clients, thus empowering mortgage lenders to simplify the loan quality assurance process and grow their business. We look forward to a long, successful relationship with Ellie Mae."

"IntellaLend automatically evaluates the information provided in loan files and matches the data with the lender's loan origination platform to ensure complete proof of compliance," said MTS Software Solutions Director of Product Management Sam Kharidi. "Through this integration, lenders using Encompass are now able to leverage automation to identify and solve critical loan quality issues so they can redeploy staff on more complex lending decisions."

About MTS Software Solutions

Founded in 1981 and headquartered in Moorestown, New Jersey, MTS Software Solutions Inc. provides technology and services that simplify, streamline, and accelerate document and data-driven business processes. The company's automated loan quality control and auditing technology, IntellaLend, helps mortgage lenders effortlessly import and classify loan files and automatically extract and validate data, enabling faster loan decisions.
