FOR IMMEDIATE RELEASE

MTS Software Solutions Receives Diamond Honors from Hyland Software

Hyland congratulates MTS Software Solutions for helping organizations operate more efficiently
using the OnBase enterprise content management (ECM) solution

MOORESTOWN, N.J. **–** JAN. 31, 2019 – MTS Software Solutions, a document management technology and content services provider, was awarded Diamond Support Partner status by Hyland. Each year, Hyland recognizes the accomplishments of their top partners for sales and customer support performance.

"MTS continues to understand that business growth is about having the best professional service team in the industry; led by Ross Smith, VP of Professional Services, I haven't seen a better team," said Gary Schwartz, CEO at MTS Software Solutions. "Post-sale, our project management team puts together an in-depth project plan, that when presented and executed, creates a positive experience for our customers. Once the system is implemented, our highly accomplished support team provides a level of satisfaction for our customers that is second to none."

"Our partner community is held to the highest standards. This annual distinction indicates MTS Software Solutions' relentless commitment to developing, implementing and supporting mission-critical solutions that solve a wide range of business challenges for organizations," said Bill Kavanaugh, vice president of sales at Hyland.

The Hyland Global Partner Community is an exclusive team of more than 400 Hyland partners worldwide. These organizations provide expertise and hands-on support for OnBase, as well as the many complementary technologies that make up ECM solutions. Providers work with Hyland to give customers the highest level of technical support. And they get continuous OnBase training and the backing of Hyland, a highly respected channel-friendly vendor.

About Hyland
Hyland is a leader in providing software solutions for managing content, processes and cases for organizations across the globe. For over 25 years, Hyland has enabled more than 19,000 organizations to digitalize their workplaces and fundamentally transform their operations.
